

ARCHIVES OF PSYCHIATRY AND MENTAL HEALTH

Scope of the Journal

The reach of Archives of Psychiatry and Mental Health acumen in bringing together empirical and exploratory researches, studies, reviews and different points of views to play a role in enhancing the science of pediatric mental health and to prowess the therapeutic and diagnostic skills in adolescent care.

Reasons for Publishing

Kids today still struggle to make their needs, their identities, and their pain understood. The healthcare professionals who treat children and adolescents are keenly aware that children culture and their world often tell us more than all of our carefully designed studies and inquiries.

WHY WITH US

- 🍏 Friendly and hassle-free publication process
- 🍏 Less production time of articles
- 🍏 Constructive peer-review
- 🍏 Enhancing journal reputation
- 🍏 Regular feedback system
- 🍏 Quick response to authors' queries

We publish a wide range of article types in the Clinical, Medical, Biology, Engineering, Chemistry and Pharma.
